LSQ STRATEGIC PLAN 2026-2031

Introducing the LSQ Strategic Plan 2026-2031

This Strategic Plan 2026-2031 represents our shared commitment to the future of the Lebanese School of Qatar. It reflects our dedication to academic excellence, student wellbeing, innovation, and strong community partnerships that enrich the learning experience of every student.

Developed through collaboration and reflection, this plan sets a clear direction for the years ahead while honoring LSQ's heritage and values. It will guide our efforts to ensure that every student grows as a confident learner, a responsible global citizen, and a young person who takes pride in their identity and community.

This plan will also serve as a reference for departmental priorities and planning, helping to ensure alignment, coherence, and shared purpose across the school. Through this collective direction, we strengthen our ability to make thoughtful decisions that support student growth and school improvement.

The years ahead call for ambition, responsibility, and shared leadership. Together, we will continue to strengthen LSQ as a school where students grow as confident learners and responsible global citizens, supported by a united community committed to excellence.

Our Guiding Framework

Vision

To inspire life-long learners who embrace the Lebanese heritage and are global citizens of the evolving world.

Mission

To empower students to become independent learners and future leaders by fostering inquiry-based learning and critical thinking within a safe and supportive environment.

Core Values

1

Responsibility

I take ownership of my actions and commitments.

2

Respect

I honor the diverse perspectives and contributions of others.

3

Resilience

I persevere through difficulties with determination.

4

Integrity

I uphold honesty and ethical principles in all endeavors.

5

Compassion

I demonstrate empathy and kindness in every interaction.

LSQ PILLARS

01

Learning and Achievement

LSQ will advance academic achievement by delivering high-quality teaching, effective assessment, and rigorous learning experiences.

02

Wellbeing and Belonging

LSQ will cultivate a safe, inclusive, and caring school culture where all members feel valued, respected, and connected.

03

Innovation and Future Skills

LSQ will prepare students for a changing world by promoting innovation, creativity, and future-ready competencies.

04

Family and Community Engagement

LSQ will strengthen partnerships with families, alumni, and the community to enrich learning and promote active engagement in school life.

05

Leadership and Professional Growth

LSQ will empower staff through continuous professional growth, leadership opportunities, and a culture of improvement.

Pillar 1: Learning and Achievement

1.1

LSQ will ensure a coherent, well-aligned curriculum that promotes continuity, interdisciplinary learning, and equitable opportunities across all grade levels.

1.2

LSQ will embed data-informed practices by using consistent assessments and actionable feedback to guide instruction and improve student outcomes.

1.3

LSQ will cultivate student ownership and engagement by promoting goal-setting, reflection, and active participation in learning.

1.4

LSQ will support continuous student growth by monitoring progress over time and providing the support needed for learners to advance.

Pillar 2:

Wellbeing and Belonging

2.1

LSQ will sustain and enhance a safe physical, emotional, and digital environment by continuously improving protection policies, reinforcing student care systems, and ensuring spaces and interactions remain respectful, secure, and inclusive.

2.2

LSQ will nurture a deeply rooted sense of belonging by promoting school traditions, cultural identity, shared celebrations, and community-building practices so that every member feels connected to the LSQ family.

2.3

LSQ will amplify student voice and choice through inclusive school structures, student-led initiatives, and participatory decision-making opportunities that reinforce ownership, inclusion, and pride in school life.

2.4

LSQ will promote core values, ethics, and emotional intelligence by embedding positive relationships, communication skills, empathy, and respectful interactions into everyday school life, student leadership, and staff culture.

Pillar 3:

Innovation and Future Skills

3.1

LSQ will cultivate a growth-driven innovation mindset by encouraging risk-taking, design thinking, inquiry-based learning, and resilience-building practices that prepare students to adapt, create, and lead in a changing world.

3.2

LSQ will integrate technology consciously, ethically, and effectively by strengthening digital intelligence, responsible tech habits, cybersecurity awareness, and purposeful integration of digital tools into learning and school operations.

3.3

LSQ will foster real-world learning experiences that connect classroom knowledge to authentic challenges, community engagement, and future workplace expectations, ensuring students apply their learning in meaningful and purposeful contexts.

3.4

LSQ will equip students with essential future-focused skills, including communication, collaboration, critical thinking, problem-solving, and creativity.

Pillar 4:

Family and Community Engagement

4.1

LSQ will strengthen partnerships with families through open communication, shared responsibility, and active involvement in students' learning.

4.2

LSQ will actively engage parents in the learning process through workshops, school initiatives, and meaningful involvement in student learning experiences.

4.3

LSQ will elevate parent voice through structured feedback, collaboration, and meaningful dialogue that informs school improvement.

4.4

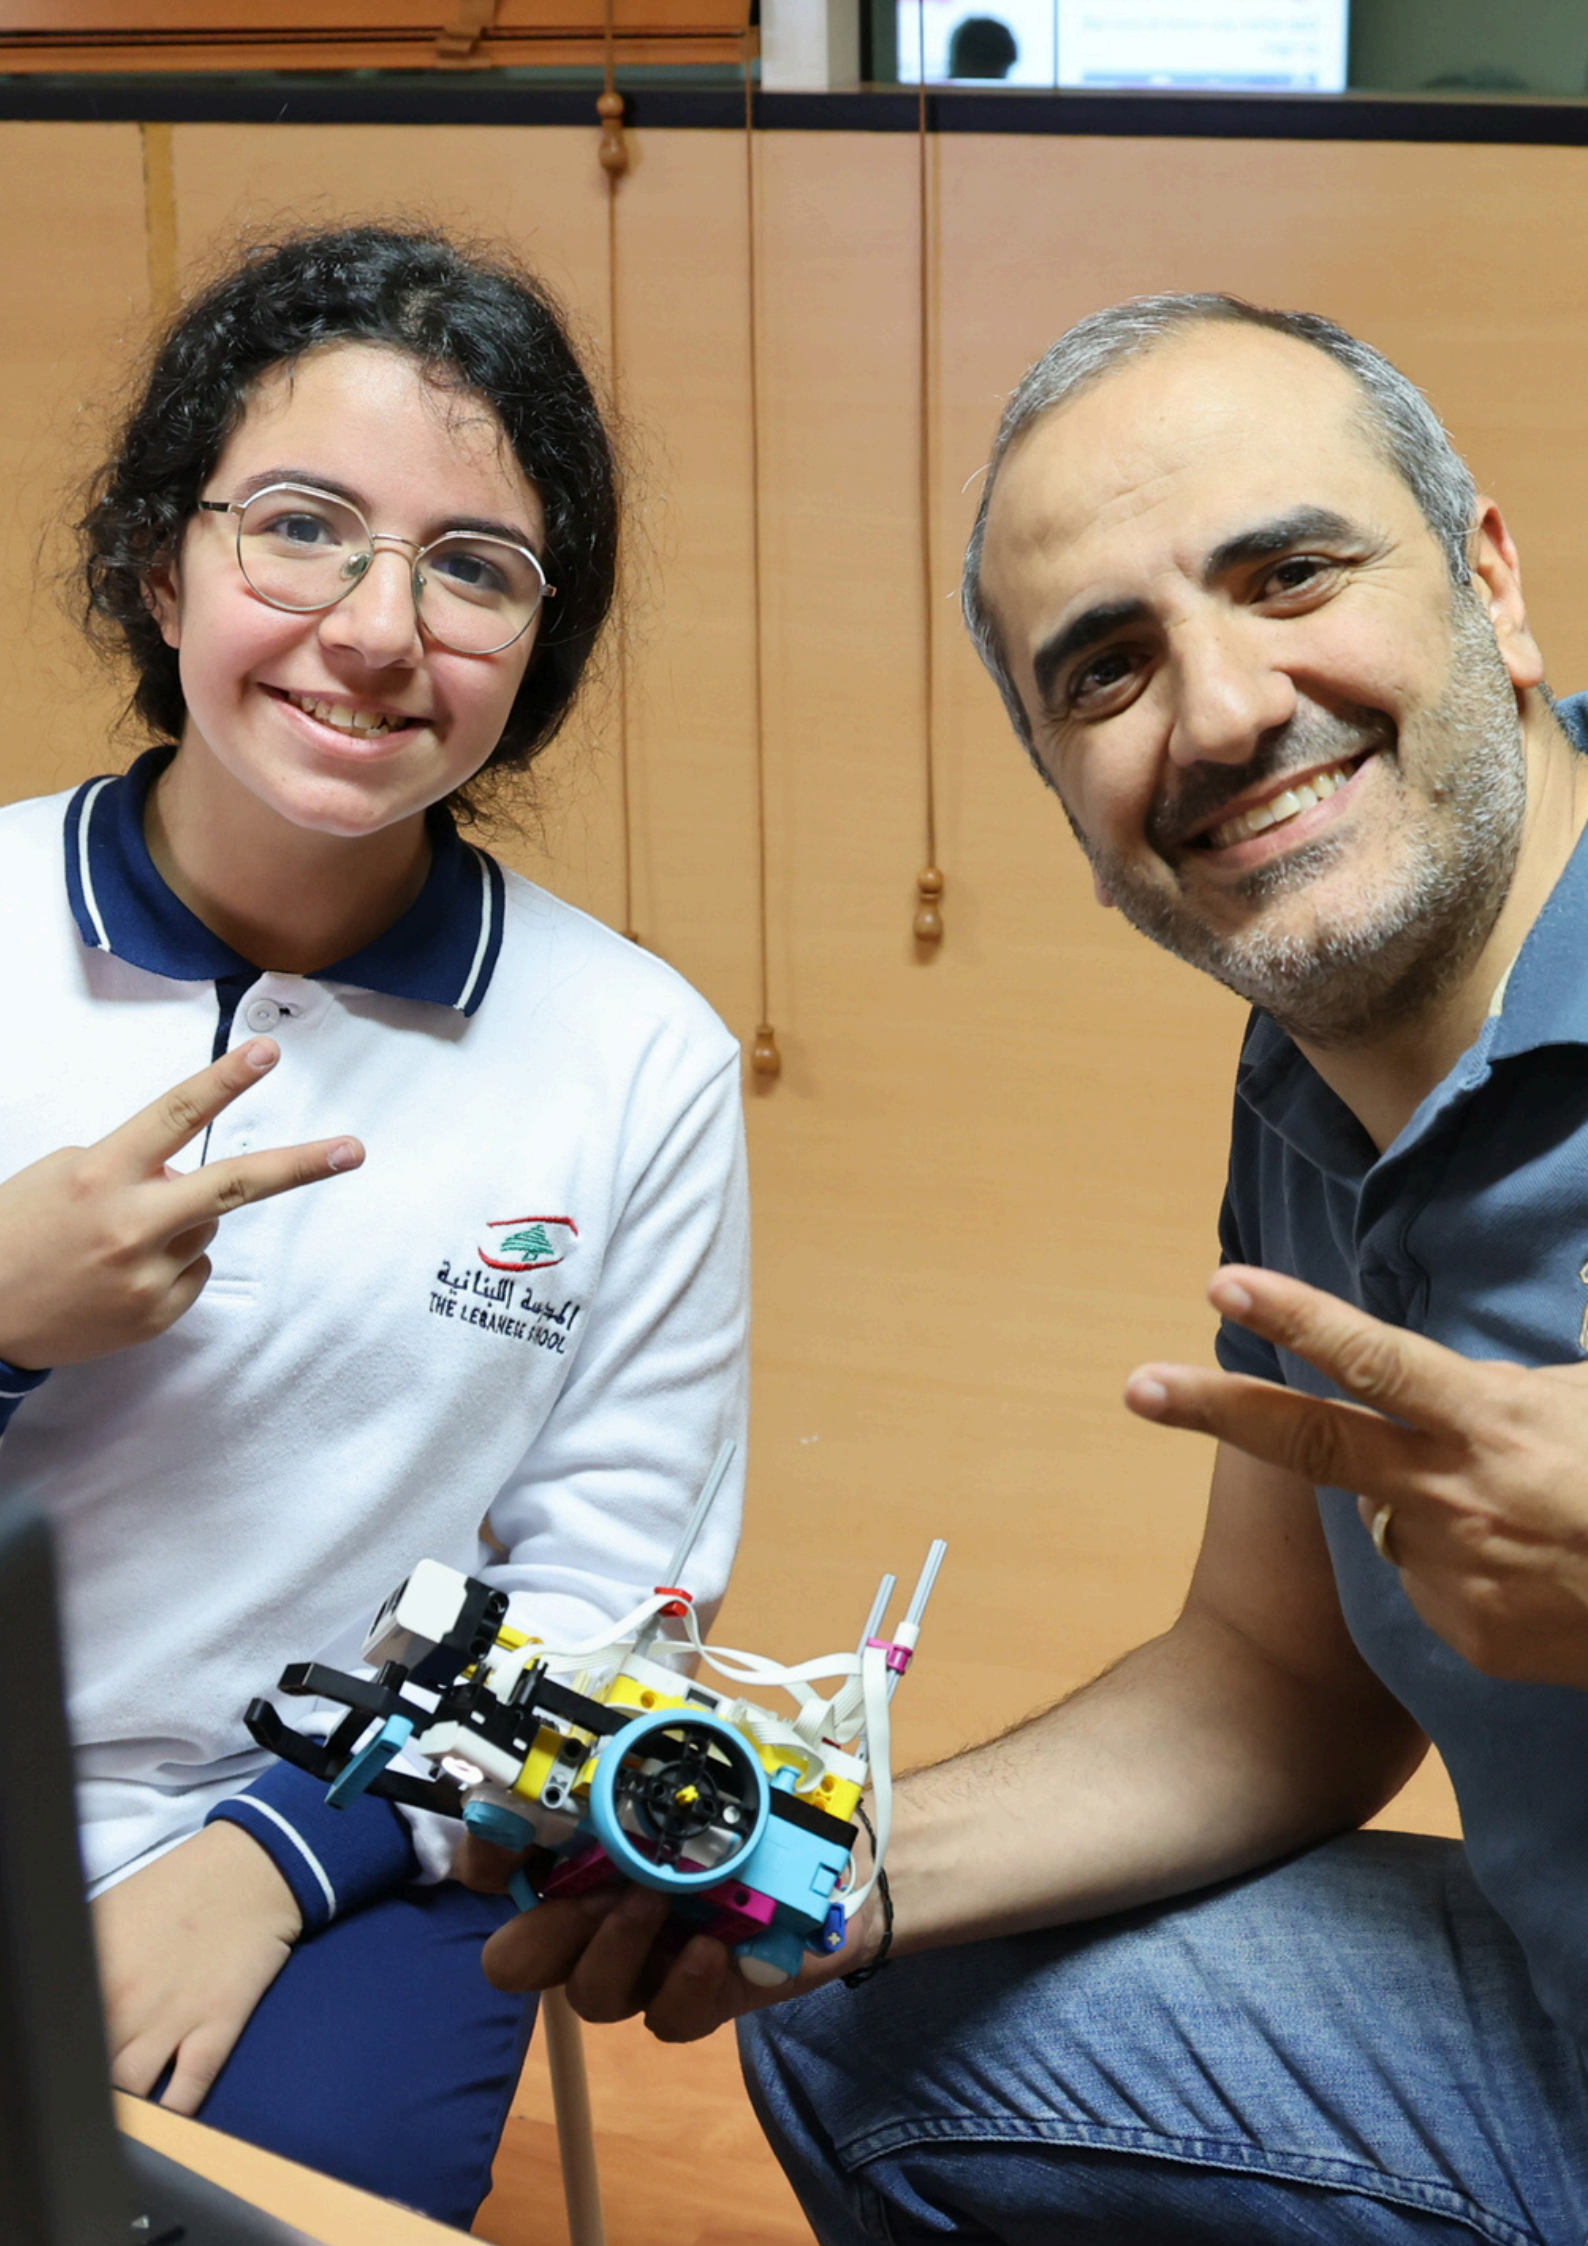

LSQ will develop and sustain alumni engagement by reconnecting graduates to the school community and leveraging their experiences to inspire students.

4.5

LSQ will extend learning beyond the school by engaging with local and global community partners to promote global citizenship and real-world learning.

Pillar 5: Leadership and Professional Growth

5.1

LSQ will foster a culture of continuous improvement and reflection by embedding collaboration, peer learning, and professional dialogue into everyday practice.

5.2

LSQ will invest in structured and inclusive professional development through targeted training, orientation, coaching, and mentoring aligned with school priorities.

5.3

LSQ will strengthen visionary and distributed leadership by empowering staff at all levels to contribute to decision-making, innovation, and school improvement.

5.4

LSQ will align leadership practices and strategic planning to ensure coherence, accountability, and continuous improvement across teaching, learning, and school operations.

HOW WE MEASURE PROGRESS

At LSQ, our strategic plan is a living commitment. Its success depends on continuous reflection, shared responsibility, and purposeful action across the school community.

Progress will be monitored through clear and measurable indicators, including:

- Student achievement data and academic growth measures
- Wellbeing and belonging indicators
- Community and stakeholder feedback
- Professional growth and leadership development outcomes

Each pillar will be supported by defined indicators, annual targets, and periodic reviews to ensure that progress remains tangible, transparent, and aligned with our strategic priorities.

Strategic priorities will guide resource allocation, recruitment decisions, and long-term institutional and departmental planning, ensuring coherence between vision and implementation across all areas of the school.

Departmental plans translate this strategy into specific operational actions, fostering alignment and shared accountability. Progress and key developments will be communicated through the school's annual report, reinforcing transparency and collective ownership.

Through this ongoing cycle of planning, implementation, monitoring, and reflection, we remain committed to continuous improvement and to fulfilling our mission.

THIS IS US!
